### WHY DONATE TO HOME-TO-HOME?

Every day, thousands of pets across Colorado are in need of rehoming. Owners may not be able to afford care for their pets, are experiencing a major life event, have allergies or are encountering pet behavior they can't manage. Those choosing Home-to-Home have one thing in common: the desire to keep their pets until an adopter is found. With us as a partner, donors support this compassionate solution to pet re-homing by helping us sustain the services we offer.
